

First Year	Second Year
1. Semester Anatomy I - lecture Anatomy I - seminar Basic Medical Terminology I - seminar Biology I - lecture Biology I - practice Czech Language for Foreigners I - practice Ethics in Dentistry - lecture Ethics in Dentistry - practice First Aid - lecture First Aid - practice Medical Chemistry, Dental Materials - lecture Medical Chemistry, Dental Materials - seminar Medical Physics and Informatics - lecture Medical Physics and Informatics - practice Preclinical Dentistry I - lecture Preclinical Dentistry I - practice 2. Semester Anatomy II - dissection Anatomy II - lecture Anatomy II - seminar Basic Medical Terminology II - seminar Biology II - lecture Biology II - practice Czech Language for Foreigners II - practice Histology and Embryology I - lecture Histology and Embryology I - practice IT in Dentistry Preclinical Dentistry II - lecture Preclinical Dentistry II - practice Prosthetic Technology I - Materials Vacational Training in Preclinical Dentistry	3. Semester Biochemistry I - seminar Biochemistry I - lecture Czech Language for Foreigners III - practice Diagnostic Imaging in Dentistry - lecture Diagnostic Imaging in Dentistry - practice Gnatology - Bases of Prosthetics - lecture Gnatology - Bases of Prosthetics - practice Histology and Embryology II - lecture Histology and Embryology II - practice Nursing Physiology I - lecture Physiology I - practice Physiology I - seminar Preclinical Dentistry III - lecture Preclinical Dentistry III - practice Prosthetic Technology II - lecture Prosthetic Technology II - practice 4. Semester Anatomy of the Head and Nerve Tracts - Lecture Biochemistry II - lecture Biochemistry II - seminar Czech Language for Foreigners IV Dental Public Health I - lecture Medical Oral Microbiology I - lecture Medical Oral Microbiology I - practice Nursing Vacational Training in Dentistry Oral Histology and Embryology - lecture Oral Histology and Embryology - practice Oral Surgery I - lecture Oral Surgery I - practice Physiology II - lecture Physiology II - practice Physiology II - seminar Preventive Dentistry - lecture Preventive Dentistry - practice Prosthetic Dentistry I - lecture Prosthetic Dentistry I - practice Restorative Dentistry - Cariology - practice Vacational Training in Practical Dentistry 1 Specialized Dental Procedures

Third Year	Fourth Year
5. Semester Clinical Introduction to Surgery - practice Czech Language for Foreigners V - practice Immunology in Dentistry - lecture Immunology in Dentistry - practice Materials and Technologies in Dentistry Medical Oral Microbiology II - lecture Medical Oral Microbiology II - practice Medical Psychology and Psychosomatic in Dentistry - lecture Medical Psychology and Psychosomatic in Dentistry - practice Oral Pathology I - lecture Oral Surgery II - lecture Oral Surgery II - practice Pathological Physiology I - practice Pathology I - lecture Pathology I - practice Pathophysiology I - lecture Prosthetic Dentistry II - lecture Prosthetic Dentistry II - practice Restorative Dentistry I - lecture Restorative Dentistry I - practice 6. Semester Clinical Introduction to Internal Medicine - lecture Clinical Intruduction to Internal Medicine - practice Communication and Selfexperience - practice Czech Language for Foreigners VI - practice Genetics in Dentistry - lecture Genetics in Dentistry - practice Oral Pathology II - lecture Oral Surgery III - lecture Oral Surgery III - practice Orthodontics I - lecture Orthodontics I - practice Pathological Physiology II - lecture Pathological Physiology II - practice Pathology II - lecture Pathology II - practice Periodontology I - practice Pharmacology I - lecture Pharmacology I - practice Prosthetic Dentistry III - lecture Prosthetic Dentistry III - practice Restorative Dentistry II - Endodontics I - lecture Restorative Dentistry II - Endodontics I - practice Surgery I - lecture Surgery I - practice Vacational Training in Practical Dentistry 2 Basic Stratification Techniques	7. Semester Bases of Hygiene in Dentistry - lecture Bases of Hygiene in Dentistry - practice Czech Language for Foreigners VII Dermatovenerology - lecture Dermatovenerology - practice Forensic Medicine in Dentistry - seminar Internal Medicine - block 1 - Functional Diagnostics, Occupational Medicine Internal medicine part 2 - Pneumology Internal medicine part 3 - Nefrology, Diabetology, Revmatology and Endocrinology Oral Surgery IV - lecture Oral Surgery IV - practice Orthodontics II - lecture Orthodontics II - practice Otorhinolaryngology - lecture Otorhinolaryngology - practice Pediatric dentistry I - practice Periodontology II - lecture Periodontology II - practice Pharmacology II - lecture Pharmacology II - practice Prosthetic Dentistry IV - lecture Prosthetic Dentistry IV - practice Restorative Dentistry III - lecture Restorative Dentistry III - practice Restorative Dentistry V - seminar Surgery II - lecture Surgery II - practice 8. Semester Czech Language for Foreigners VIII - practice Internal Medicine block 1- 5 Internal medicine part 4 - Gastroenterology and Haematology Internal medicine part 5 - Cardiology and Angiology Neurology - lecture Neurology - practice Ophthalmology - practice Oral Surgery V - lecture Oral Surgery V - practice Orthodontics III - lecture Orthodontics III - practice Pediatric Dentistry I - lecture Periodontology III - lecture Periodontology III - practice Physiotherapy and Exercise Therapy Programme - lecture Physiotherapy and Exercise Therapy Programme - practice Prosthetic Dentistry V - lecture Prosthetic Dentistry V - practice Restorative Dentistry IV - Endodontics II - lecture Restorative Dentistry IV - Endodontics II - practice Restorative Dentistry V - practice Surgery III - lecture Surgery III - practice Vacational Training in Practical Dentistry 3 Special Treatment Procedures in Dentistry

Fifth Year

9. Semester

- Atomic Energy Act - seminar
- Bases of Clinical Genetics - seminar
- Dental Implantology - seminar
- Dental Public Health II - lecture
- Individual project in Dentistry
- Intensive Care Medicine - seminar
- Management in Dentistry - seminar
- Obstetrics and Gynaecology - lecture
- Oral and Maxillo-facial Surgery - seminar
- Oral Medicine - lecture
- Oral Medicine - seminar
- Oral Surgery VI - practice
- Orthodontics IV - lecture
- Orthodontics IV - practice
- Paediatrics - practice
- Pediatric Dentistry II - practice
- Pediatric Dentistry II - seminar
- Pediatrics - lecture
- Prosthetic Dentistry VI - practice
- Psychiatry - lecture
- Psychiatry - practice
- Restorative Dentistry IV, Differential Diagnostics - practice
- Restorative Dentistry IV, Differential Diagnostics - seminar
- Periodontology - selected chapters

10. Semester

- Comprehensive pract.training in Rest.dent.,Paed.dent.,Prostetic dent., Periodont.,Oral surg.,Orthod.
- Oral and Maxillo-facial Surgery - State Exam
- Prosthetics Dentistry and Orthodontics - State Exam
- Restorative Dentistry, Pediatric Dentistry and Periodontology - State Exam
